

We really care about you

A message to all our cared for children/young people and care leavers.

We want you to know just how important you are to us and how important it is that you feel loved, valued, and nurtured as a child/young person in care or a care leaver. We really value your feedback and always want to know what you think about the care and support you are provided with.

We have made four promises to you as our cared for children/young people and care leavers which have been developed by care experienced children, young people, care leavers, their carers, and our partners. Every year you will have an opportunity to tell us about the things that matter to you the most and decide whether we need to make any changes to the promises.

We will always do our very best to keep our promises to you, especially when we make decisions and plans for you both now and in the future.

Our promises are:

To always listen

To support your health, happiness and wellbeing

To support you to feel valued at home and in school, and live in a loving stable home

To encourage you to succeed in your goals and celebrate with you

If you want to know more information about our promises to you, ask your Social Worker, Personal Advisor or Carer to talk to you about our Corporate Parenting Strategy and provide you with a copy.
