Our Ref. L.02/09/805-808 MW D6

20 June 2007

Dear Mr Fyles,

**DELEGATION SCHEME: SUBMISSION OF DETAILS IN COMPLIANCE WITH CONDITION 8 OF PLANNING PERMISSION L.02/09/805-808 MW RELATING TO QUARRY ACCESS ROAD IMPROVEMENTS AT HINTS AND PACKINGTON HILL (HOPWAS) QUARRY**

Thank you for your letter dated 25 April 2007 and drawing H109RD107.PRN, which accompanied details submitted in compliance with Condition 8 of planning permission L.02/09/805-808 MW

Condition 8 of the permission states that '*Within 12 months of the date of this permission, the junction of the access road with the A5 shall be improved in accordance with plans approved by the Mineral Planning Authority in consultation with the Highway Authority*'

Drawing H109RD107.PRN has been submitted which shows details of the junction of the access road with the A5. These include the relocation of the kerb, location of a 'Give Way' triangle and position of white lines/double white lines.

The Highways Agency has stated that the access road improvements proposed to be carried out at the junction of the A5 are on a section of the A5 that is no longer a trunk road, and as such details of the proposed access are not the Highways Agency's concern and Staffordshire County Council Highways Section should be consulted.

Transport Development Control (on behalf of the Highways Authority) has stated that the details submitted are acceptable; however the works need to be secured by a Section 111 Agreement under Local Government Act 1972. The applicant has agreed to enter into the necessary agreement.

Under the powers delegated to the Corporate Director (Development Services) this letter APPROVES the details submitted in accordance with condition 8 of planning permission L.02/09/805-808 MW relating to quarry access road improvements at Hints and Packington Hill (Hopwas).

Yours sincerely,

*[Electronic Copy : Signature Removed]*

Richard Higgs  
Deputy Corporate Director (Planning and Regeneration)
