

Rogue Driveway Company

Staffordshire Trading Standards are warning about a company currently leaflet dropping and door knocking in the Cannock area.

The company are offering to drop the kerbs outside homes and telling residents they have the Council's permission to do so. The Council have not given this company permission to carry out this work.

One resident was quoted £100 for this work to be carried out. The company then proceeded to remove the kerb stones and replace them without dropping the kerb. The resident challenged this and the company response was that to have the job carried out properly would cost £500.

The Police were notified, however the company failed to return to complete the work.

We have reason to believe they are still operating in Staffordshire.

If you are approached by this company, please contact the Trading Standards Rapid Response Number as a matter of urgency on 07773 792252.
