

# BSc Health and Social Care

## Join our new Health and Social Care Learning Community!

We will be running a webinar series, sharing news updates, vlogs and blogs and building a community of providers, practitioners and carers. There will be an opportunity to work together on shared bids, develop shared research opportunities and to network.

Keele University have launched a **new BSc in Health and Social Care**. We are keen to invite people that already work in Health and Social care to **our open days** so that you can find out more about our exciting new degree. Did you know that it's not too late to apply through clearing and begin studying this October?

Our interactive new degree is led by health and social care experts and offers opportunities to study, work and travel whilst building academic expertise. Joining our course will mean an opportunity to student at a University that consistently excels national student surveys, is rated gold for teaching excellence has a beautiful campus with great public transport links and has a state-of-the-art simulation facilities.

We recognise that students joining us from the health and social care sector might not have been in education for a while so we are really happy to meet with you, invite you to campus and support you in your application.

If you would like to join our new Health and Social Care Learning Community **sign up here**. We will share regular newsletters, highlight interesting articles, vlogs and blogs from industry experts and invitations to webinars and lectures from expert guest speakers.
