

# Fake ID! DO NOT Accept

These are samples of some of the fake ID that is available for young people.  
If you are provided with any of these IDs you **MUST** refuse the sale.

This Driving Licence looks identical to the genuine article on first glance; so remember to **TAKE HOLD of the ID**, to allow you to check for the raised print on the surname and for the etched steering wheel.

If you have any doubts, refuse the sale. It is not illegal to refuse the sale but it is illegal to make the sale if the person is under the legal age.
