Dear Mr Sutton

RECEIPT OF PETITION – REQUEST FOR PARKING RESTRICTIONS

I refer to the petition, signed by local residents requesting parking restrictions for Princes Gardens and Princes Drive, Codsall. I can advise you that receipt of the petition will be reported to Cllr Mark Deaville, Cabinet Member for Commercial (including Highways & Transport).

Under the leadership of the local County Councillor, all local highway and transport matters of this nature will be rationalised and prioritised in to a deliverable plan known as the Member's Divisional Highway Programme. This will include a delivery programme of committed improvements and agreed priorities for further investigation of feasible solutions to ongoing local concerns.

A copy of the petition has been sent to the Community Infrastructure Liaison Manager Mark Keeling who will discuss this particular request with your local County Councillor Cllr Bob Spencer at the earliest convenience.

Should you require further information regarding your petition please contact Mark Keeling on 01785 854676.

Yours sincerely

Amanda Felton
Executive Support Officer
