27 March 2018

Dear Councillor Heath

### **RECEIPT OF PETITION – UPGRADE OF INTERNET / BROADBAND SPEEDS**

I refer to the petition, signed by local residents regarding requests to upgrade internet / broadband speeds in Dunwood Lane, Endon. I can advise you that receipt of the petition will be reported to Cllr Mark Winnington, Cabinet Member for Economic Growth.

It appears that both ST9 9AP & ST9 9QW have been identified for upgrade as part of the current programme of activity. This information is freely available on the [www.superfaststaffordshire.gov.uk](http://www.superfaststaffordshire.gov.uk) website.

It is expected that the upgrade work will be completed and services available to order by the end of 2018, assuming there are no unforeseen issues.

Should you require further information regarding your petition please contact Paul Chatwin on 01785 895935 or by e-mail at [superfast@staffordshire.gov.uk](mailto:superfast@staffordshire.gov.uk)

Yours sincerely

**Amanda Felton**  
**Executive Support Officer**
