Dear Cllr Preece

RECEIPT OF PETITION – FLOODING AT BROWNHILLS ROAD, NORTON CANES

I refer to the petition, signed by local residents regarding flooding at Brownhills Road, Norton Canes. I can advise you that receipt of the petition will be reported to Cllr Mark Deaville, Cabinet Member for Commercial (including Highways & Transport).

The Community Infrastructure Liaison Manager Mark Keeling has advised that our drainage maintenance team visited Brownhills Road on the 24 January.

Works were undertaken to clear the carriageway of flood water and to attend to any blocked gullies.

However the water levels remain high within the adjacent overflow ponds and we are working with Chasewater and other colleagues within the organisation who, following further investigation, intend to reduce the current levels within the ponds where possible.

Should you require further information regarding your petition please contact Mark Keeling officer name on 01785 854676.

Yours sincerely

Amanda Felton
Executive Support Officer
