Dear Linda

RECEIPT OF PETITION – SAVE BUS SERVICES FROM CUTS IN STAFFORDSHIRE

I refer to the petition, signed by over 15,000 petitioners regarding a request to save bus services from cuts in Staffordshire. I can advise you that receipt of the petition will be reported to Cllr Mark Deaville, Cabinet Member for Commercial (incl Highways & Transport)

Officers are currently working with local bus operators and assessing community and voluntary sector opportunities to reshape transport provision. There will be more detailed discussions with partners across the county to maximise transport opportunities and where possible minimise the impact of the revised supportive bus service funding.

Yours sincerely

af
