Dear Mr. Pilling

RECEIPT OF PETITION – ROAD SURFACE OF MANOR GREEN

I refer to the petition, with 14 signatures, regarding the road surface of Manor Green. I can advise you that receipt of the petition will be reported to Cllr Mark Deaville, Cabinet Member for Highways & Transport.

I note the content of the petition concerning the preferred choice of materials for future resurfacing of Manor Green. Details of the petition have now been shared with the local Senior Engineer who is responsible for identifying appropriate bespoke preventative and reconstructive treatments for carriageways and prioritising identified schemes on a risk assessed basis in a forward programme of works.

Should you require further information regarding your petition please contact Mr. Richard Rayson on 01785 354002

Yours sincerely

Amanda Felton
Executive Support Officer
