Dear Mr. Ball

RECEIPT OF PETITION – PAVING SLABS ALONG EVEREST ROAD, KIDSGROVE

I refer to the petition, with 20 signatures regarding paving slabs along Everest Road, Kidsgrove. I can advise you that receipt of the petition will be reported to Cllr Mark Deaville, Cabinet Member for Highways & Transport.

I wish to confirm that this section of slabbed footway on Everest Road (which due to its relatively small size cannot be considered for a structural scheme but is also too large for routine maintenance) has already been identified and is included on the forward Footway Hotspot programme whereby when it reaches the time for programming the slabbed area will be replaced with tarmac, as elsewhere.

With regards to when this work will be scheduled, I am unable to confirm this detail since it is dependent upon the level of funding received and the cost (and number) of higher priority locations.

I do wish to confirm that in the meantime, the location is subject to inspection and any defects identified, or those reported by residents inspected by the Reactive Inspector, will be assessed on a risk management basis and prioritised for repair accordingly. This may require the defective slabs to be removed and replaced with tarmac.

Should you require further information regarding your petition please contact Mr. David Greatbach, Community Infrastructure Liaison Manager, on 01785 483022.

Yours sincerely

Amanda Felton
