

## Stafford Western Access Route – Toucan Crossings

As part of the Stafford Western Access Route (SWAR), Staffordshire County Council are currently planning to start the construction of two toucan crossings located at:

- Kingsway adjacent to the Kings Horse PH & Deans Park Court
- Martin Drive between Redgrave Drive & Rose Hill, adjacent to the existing public right of way

Kingsway – Proposed Toucan Crossing

Martin Drive – Proposed Toucan Crossing

The construction for these toucan crossings will start week commencing June 28<sup>th</sup> 2021, for approximately **10** weeks. The works will be undertaken by Amey Highways on behalf of Staffordshire County Council and the Stoke-on-Trent and Staffordshire Local Enterprise Partnership.

To undertake the works safely, there will be a variety of traffic management measures used including road closure, traffic signal controls, lane closures and pedestrian diversion routes. Pedestrian and cycle access will be maintained; however, we do ask that you take extra care when passing through this section of the works. **The road closures on Kingsway north bound is currently planned for Friday 3<sup>rd</sup> of September 2021, with access maintained to properties.**

**A copy of the diversion route is detailed on Drawing No. SWAR/SK/109.**

The construction of the toucan crossings cannot be carried out without causing disruption to traffic. However, our contractor Amey Highways will work hard to ensure delays are kept to a minimum and access is maintained to properties and businesses.
