

Transforming health and care for
Staffordshire & Stoke-on-Trent

Stafford South Primary Care Network - Data Pack

Purpose

- Summary of key health and wellbeing issues for your locality
- Showcase opportunities for whole system prevention, connecting need to local community offer
- Data and analysis as a supporting evidence base

Key Issues

Transforming health and care for
Staffordshire & Stoke-on-Trent

- **An old and ageing population**, with some housing in poor condition, unpaid carers and challenges of **rurality**
- Low uptake of **vaccinations**, low levels of **dementia diagnosis** and low levels of **learning disability health checks**
- **Long Term Conditions** with higher prevalence of **circulatory conditions**
- **Alcohol admissions** and **unplanned admissions for circulatory conditions**

Connecting need to your local Community Offer

Please note that due to COVID-19, some services, groups and activities may have altered the way they operate. Please check with them directly for the most up to date information.

The Community Offer – Overview

Transforming health and care for
Staffordshire & Stoke-on-Trent

To support social prescribing the following resources and assets are available within your area, which signpost to community solutions.

GP practices can refer patients to their **Social Prescribing Link Worker** for a one to one appointment, enabling patients to access a wide range of support services which are important and helpful to them.

Digital Resources:

Staffordshire Connects – online directory connecting people to help and support in their community

<https://www.staffordshireconnects.info/>

Information, Advice and Guidance on staying healthy and independent on **Staffordshire County Council's Website**

<https://www.staffordshire.gov.uk/>

Support Staffordshire – support for the Voluntary, Community and Social Enterprise Sector

<https://www.supportstaffordshire.org.uk/>

Click [here](#) for the directory of organisations

SCVYS – values, supports and champions the voluntary sector as it strengthens local communities

The Community Offer in your area

- sourced from Staffordshire Connects, Support Staffordshire and SCVYS

Places to go / things to do

Places of Welcome - bringing people together to connect and belong. For younger people Scout and Guide groups, youth clubs and art club for pre-school children.

Alongside activities/clubs available at community hubs there is an over 50s group, gentle exercise classes, pop choir, pilates, cricket club, gymnastics, theatre group, reading club, craft club, horse riding and running club.

Carers

Numerous care support, such as residential care homes along with organisations who support people to live in their own homes in the wider Stafford area.

There is a Shared Lives service in Staffordshire and support for carers is available which includes respite/carers clubs. There are also day care facilities.

Health and Wellbeing

There is support for patients and their families, friends and carers affected by chronic conditions, dementia, Alzheimer's, hearing loss, sight loss and autism.

Mental health and wellbeing support is available which includes art workshops to build confidence and self esteem, therapeutic wellbeing courses, mindfulness and meditation and counselling. Support is available for the bereaved.

There are helplines and digital support is also available online and via apps.

Money advice

Citizens Advice South West provides information, advice and support. Debt and budgeting advice is available. The Rowan Organisation provides advice specifically to disabled people, elderly and people with mental illnesses.

Prevention Services- some examples

Everyone Health – Key prevention contract providing: weight management, stop smoking, physical activity and falls prevention support to people aged 50 and over who either live in specific areas of Staffordshire or who are registered with a particular GP practice*. They also provide stop smoking support to pregnant women (and their partners) and social isolation and loneliness support to anyone living in Staffordshire. NHS Health Checks are also provided for people aged 40-74 living in Staffordshire.

Web: <https://staffordshire.everyonehealth.co.uk/> Tel: [0333 005 0095](tel:03330050095)

*People aged 50+ years who are registered at **Rising Brook** are eligible. Practices not listed above can still refer people into and/or provide services to patients who are 50 years+ and live in one of the identified areas of high need. For more information contact Public Health - PublicHealth-MailboxAccess@staffordshire.gov.uk

Health and Wellbeing App Finder – Trusted library of digital health and wellbeing apps, covering a range of issues such as stopping smoking, mental health, weight loss, fitness and managing health conditions. All apps are fully reviewed by ORCHA.

Web: www.staffordshire.gov.uk/appfinder

Healthier You: NHS Diabetes Prevention Programme – Practices can refer those identified at high risk of developing type 2 diabetes onto a behaviour change programme. Contact: ndpp@staffordshire.gov.uk Web:

<https://www.england.nhs.uk/diabetes/diabetes-prevention/>

Drug and alcohol treatment – all interventions are delivered by the Staffordshire Treatment And Recovery Service (STARS) – which is a partnership led by the charity Humankind, that includes the Burton Addiction Centre (BAC), among others. If you have any concerns about someone's drug and/or alcohol use Contact Web: humankind.starswest@nhs.net Tel: [01785 270080](tel:01785270080)

Prevention Services (continued)

Contraception – Many GPs are commissioned to provide implants and coils by Staffordshire Public Health, practices can refer patients to other GPs across Staffordshire (not restricted to within individual CCG areas). Emergency oral contraception is available free from most pharmacies in Staffordshire. For further information please contact sexualhealthteam@staffordshire.gov.uk

Staffordshire Warmer Homes is an initiative managed by Staffordshire County Council in partnership with, E.ON and local district and borough councils to deliver funded first time central heating systems to eligible homes across Staffordshire.

Web: <https://www.staffordshire-ewb.actionforchildren.org.uk/staffordshireemotionalhealthandwellbeingservice/informationforprofessionalsandreferrers>

Analysis Approach and Further Information

Analysis approach

- Used a range of national and local data sources - Public Health Outcomes Framework, NHS data (NHS digital), Education data etc.
- Analysis underpinned by statistical techniques (age standardisation, 95% confidence intervals) – difference to comparators will be a statistically significant difference
- Unless stated, statistics will be for the Primary Care Network area, either through practice-based sources or weighting of geographical based indicators
- If a CCG or local authority district statistic is used this will be stated.
- Use alongside other sources such of information including [Rightcare](#), CCGs and CSUs.

Further contacts

Transforming health and care for
Staffordshire & Stoke-on-Trent

Data and Analysis

An old and ageing population and challenges of rurality

Population change 2019 -2039

- One in four of the population of Stafford South are aged 65+ (higher than Staffordshire and national averages)
- By 2039 the older population will increase as the working age population decreases
- Fewer working age people to support the young and the old

- Most (77%) of the registered population of Stafford South live in the South Staffordshire District Council area.
- Almost four in five of the population of Stafford South live in areas classified as rural (78%) – the highest proportion in Staffordshire
- Rural communities can face challenges such as hidden deprivation, access to transport services, housing, social isolation, unemployment and digital exclusion
- Male and female life expectancy (80.6 and 82.6 years) in line with national average, 2017/18
- 14% of the population live in an Everyone Health high health need priority area

An ageing population and challenges of rurality lead to **demand on health and care services**

Multiple factors driving demand

Maternal and Infant Health

- 12% of Mums smoke during pregnancy in Stafford and Surrounds CCG (2018/19)
- 65% of Mums initiate breastfeeding in Stafford and Surrounds CCG (2018/19)

Children in low income households

- One in eight (13%) young people in low income households (lower than national)

Education

- 75% of pre school children achieve a good level of development, similar to national
- 48% achieve a core level of GCSE attainment, better than the national average of 40% (2019)

Children's emotional wellbeing and mental health

- Low income, parental mental illness, substance abuse and domestic abuse lead to poor wellbeing

Excess Weight

- One in four reception age children overweight or obese (similar to national)
- One in three year six children overweight or obese (similar to national)

Multiple factors driving demand

Healthy lifestyles

Obesity , physical activity and healthy eating
Active People Survey (2017/18)

- Two thirds of adults are overweight or obese in South Staffordshire District – similar to national
- **15% of Stafford South smoke** – lower than national (2018/19 QOF)
- **Alcohol-related admissions for Stafford South** higher than the national average (2018/19)

Health Protection is a key factor in preventing demand

Downward trends and rates lower than the Staffordshire average in some child vaccinations such as MMR and DTaP/IPV/Hib (2016 – 2019)

Adult vaccinations

68% of 65+ getting **flu vaccine** – 1 in 4 not vaccinated (**lower than national** – 2018/19)

63% of 65+ getting **PPV vaccine** (**lower than national** – 2018/19)

Only 44% of under **65 at risk** getting **flu vaccine** (**lower than national** – 2018/19)

Screening – 2015 to 2018

Breast cancer - 72% - similar to national

Cervical cancer - 76% - higher than national

Bowel cancer - 63% - higher than national

Multiple factors driving demand

The main **drivers of adult social care** are housing, social isolation and carers.

In Stafford South:

- 1 in 4 houses in poor condition – higher than Staffordshire
- One in ten households in fuel poverty (10% - lower than the national average)
- Lower than average levels of older people predicted to be lonely
- 5,600 (16%) unpaid carers aged 65 and over (higher than national)

Challenges to healthy environments in Stafford South:

- Crime and the fear of crime
- 1 in 10 income deprived elderly (lower than national)
- Air quality management areas in Woodbank, Wolverhampton, Oak Farm, Wedges Mill and parts of the A5

1 in 4 houses in poor condition

Crime rates per 1,000 population 2018/19

Increasing pressure on children's social care

Children's Social Services 2018/19

- Rising demand across Staffordshire with increasing rates, leading to poorer outcomes
- About 50 referrals in Stafford South for early help (via Local Support Teams) in 2018/19
- Key characteristics of demand in Staffordshire: Deprived communities and aged 10-15 years
- Opportunities for prevention

Common Factors identified at Initial CIN Assessment

(using weighted allocations from 160 assessments in 2018/19 - multiple factors per assessment)

Children in Need assessments highlight wider family issues, such as domestic abuse, mental health and substance abuse – demand on **health and social care** services

Increasing pressure on children's health services

- Child emergency **admissions** for long term conditions and LRTI in South Staffordshire District are similar to national (2018/19)
- Unplanned admissions in ages 0-19 are similar to the national average
- Hospital admissions caused by injuries in young people (15-24) higher than national (2018/19 – CCG level)
- Almost half (45%) of coded A&E attendances in ages 0-19 receiving advice and guidance (2018/19 - including walk-in and MIUs)
- Opportunities for prevention

- Rates of referrals to children's mental health services higher than the national average (CCG area - 2018/19)
- Rates of self harm admissions in the under 25s higher than England (CCG area - 2018/19)
- Mental health admissions in under 25s are similar to England (PCN – 2018/19)

Increasing demand for primary care

In Stafford South:

- Higher prevalence and increasing trend of people with long-term conditions
- High levels of hypertension, atrial fibrillation and stroke
- Dementia diagnosis rates are lower than England (62% vs 70%)
- 1,700 over 65s estimated to be at risk of frailty (22% of 65+ population)
- Only 32% of learning disability QOF registered patients received a health check in 2018/19 (lower than national and the lowest in Staffordshire)

An ageing population is also likely to have an impact on these numbers in the future

Around 791,000 general practice consultations in NHS Stafford and Surrounds CCG during 2019 - at a higher rate than Staffordshire and England (using experimental data)

42% of consultations with a GP (lower than national – 52%)

87% of consultations face to face (higher than national – 82%)

High demand for hospital care

Emergency Admissions 2018/19

Characteristics:

- Elderly, young children and deprived communities
- One in four emergency admissions also have a mental health diagnosis

A&E attendances, 2018/19

- 9,900 attendances (including Walk-In and MIUs) at a lower rate to Staffordshire, with 35% of those coded receiving advice and guidance

In-patient care, 2018/19

- £7.1 million spent on emergency admissions - 48% of all in patient costs (Midlands and Lancashire CSU)
- Unplanned admissions lower than national
- Unplanned admissions for circulatory diseases higher than national
- Low rates of unplanned admissions for acute and chronic conditions for which hospitalisation may be prevented or reduced (South Staffordshire District 2018/19 - NHS Digital)
- Delayed transfers of care high in Staffordshire (both NHS and Social Care)

For more detailed information on admissions and attendances please refer to your CCG

Higher levels of demand for adult social care

In Stafford South (2018/19):

- 1,770 people are estimated as being at risk of needing adult social care support
- Of approximately 230 assessments completed in 2018/19, 72% resulted in a social care package
- Similar rate per 18+ population to Staffordshire
- Long term support is the biggest area of demand as at 31 March 2019
 - 70 receiving short-term support e.g. equipment provision (31% of assessments – similar to Staffordshire)
 - 90 receiving long-term support e.g. home care (39% of assessments)
- 3 care homes (1 nursing) in the Stafford South area, providing 96 beds (a lower rate to national)

Similar to hospital demand, adult social care service users are most likely to be:

- Aged 75 years or over
- White British origin
- Living in deprived areas
- Have physical support needs such as personal care or mobility

Opportunities to reduce demand through prevention and earlier intervention
