4. Enter your temporary password from the email you have been sent in the password box.
5. The password is case sensitive, so all capital letters must be added as capitals and all lower-case letters as lower case.
6. You may find it easiest to **copy and paste** the temporary password from the email. Please make sure there are no spaces before or after your password.
7. Select the **Login** button.

Please note: do not use the 'Sign in with AD FS' button unless you are a council employee as this will not work.

8. You should then get to this page:
