

# How to download an eBook

*We have loads of eBooks available to download for free!*

*You will need a library card to do this.*

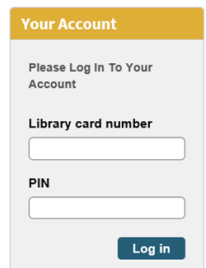

Via the  
catalogue

1

Go to your device's app store and download an eReader app which works for your device. For Android devices, use Libro or Aldiko. For Apple devices, use Bluefire Reader.

2

Open the app, and follow the instructions to set up an Adobe ID for your device. This ties the app to your library card. (NB Depending on your device, sometimes this step will come **after** you have browsed and found a book - see step 4.)

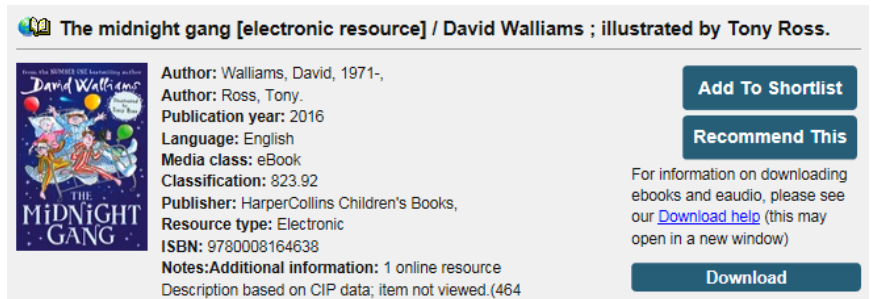

3

Open your preferred web browser and go to the library catalogue homepage: [www.yourlibcat.staffordshire.gov.uk/web/arena/welcome](http://www.yourlibcat.staffordshire.gov.uk/web/arena/welcome)  
Login using your library card and PIN on the right of the page.

4

Find a great book! Search the catalogue, or browse using one of the links on the left of the screen. When you've found one, click on the title and you'll see these options. Select Download.
