

# National Prevent referral form

---

**This form is designed to help articulate a concern under Prevent – where you are worried a person is susceptible to radicalisation. Complete as much of the form as you are able; doing so will ensure that the person gets the help they need to keep them and others safe.**

If you are a member of public sector staff, and would like to check your concern, you should contact your organisation's Designated Safeguarding Lead (DSL) or equivalent. If you are a member of the public and are concerned about someone, you should call the [Act Early Support Line](#) on 0800 011 3764, in confidence to share your concerns with a specially trained officer or you can call the Anti-Terrorism Hotline on 0800 789 321. More information on what to do if you have a concern is available under '[Get help for radicalisation concerns](#)' on GOV.UK.

If you are deaf, hard of hearing or have a speech impairment, a police non-emergency number is available as a text phone service on 18001 101. Remember, in an emergency dial 999.

Once you have completed this form it is essential that you submit it to the police directly, or your DSL or equivalent will do this on your behalf. Where possible you will receive a response on your referral, but this is not always possible due to data-protection considerations and other sensitivities.

Where possible, do not leave any gaps, as the police may have to contact you to gather more information which will delay the process. If you cannot answer a question, explain why in the text box provided.
