

My Education

My

Education

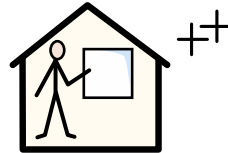

What's your

school

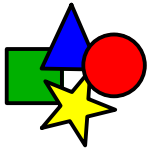

like?

Schools

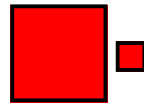

come in

all

shapes

and

sizes.

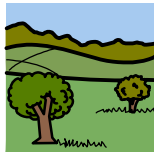

Some

schools

are in

the

countryside

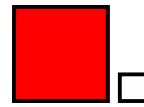

and

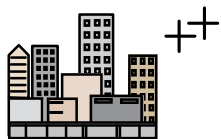

some

are

in

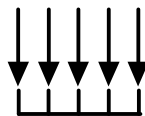

big

cities

but

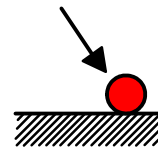

every

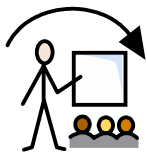

school

is

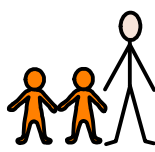

there

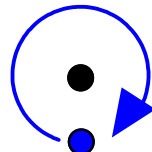

to

teach

children

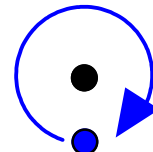

about

the

world

around

them.

When

you

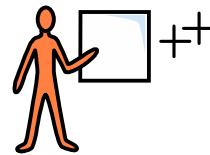

go to

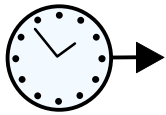

school

your

teachers

will

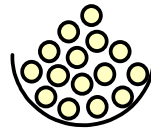

help

you

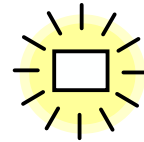

learn

lots

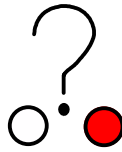

of

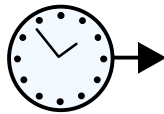

new

things

which

will

help

you

when

you

are

old.

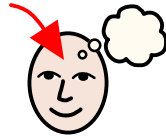

What

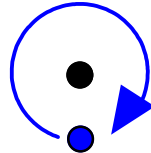

do

you

learn

about

at

school?

What

does

your

school

look like?

What

do

you

like

about

school?

When

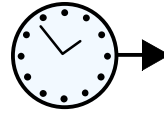

you

are at

school

you

will

have

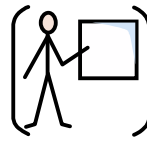

something

called

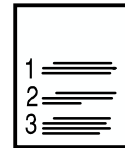

a

Personal

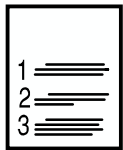

Education

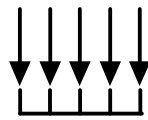

Plan.

This

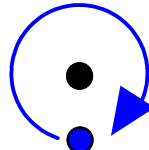

plan

is

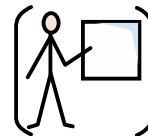

all

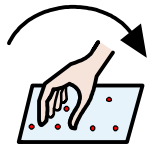

about

your

education

and

tries

to make

sure

you

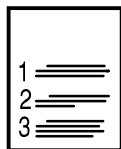

are

doing

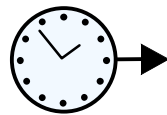

well.

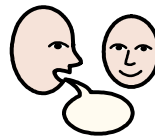

Your

plan

will

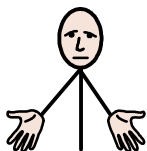

also

say

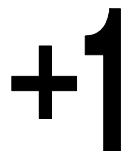

if

you

need

any

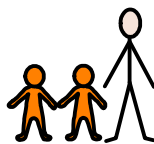

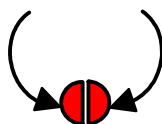

extra

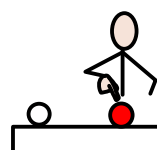

help.

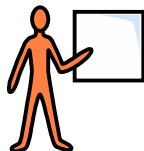

In your school you will have a special

teacher who makes sure children in care are

safe, happy and doing well. This person is

called a Designated Teacher.

Do

you

have

any

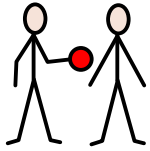

questions

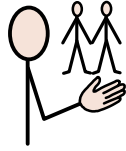

you

can

ask

your

social worker?
