

23 March 2026

B4154 Walsall Rd,
Norton Canes,
Staffordshire

Ref: CX043, Carriageway Resurfacing Works on B4154 Walsall Rd, Norton Canes.

We write to inform you, that Staffordshire County Council's Structural Maintenance Team will shortly begin works to resurface the carriageway at the B4154 Walsall Rd. This work will see a £386,000 to repair the carriageway at this location.

Work is due to take place from 50meters south of Betty's lane to 50meters north of Norton Green Lane.

Work will include initial "civils work" including replacement of ironwork and damaged kerbs where necessary. This will be followed by a resurfacing phase where the existing carriageway upper layers will be removed, resurfaced and road markings repainted.

Work here will commence at **07:30am Tuesday 7th April 2026**, and will take place over 4 weeks

Civils Work will require multi-directional signals to be in place 24 hrs day between 7th - 17th April. Crews will be working on site 07:30-17:00 weekdays however signals will remain in place 24hrs to allow materials to cure.

Due to the size and scale of construction machines being used and to ensure the safety of the general public and workforce, **carriageway resurfacing will take place night times under full road closure between 19:00-06:00 20th April- 1st May** excluding weekends. Signals may also be used during daytimes when material curing times are needed during this phase. Unfortunately, Residents should expect construction noise during this time.

A signed diversion route will be in place during closure times along with designated personnel at either end of the closure points to offer assistance with access to residential properties during working hours.

We will do all that we can to ensure that resident access is maintained, however properties will be inaccessible during excavation and when surfacing material is being laid and when cooling. If vehicles are needed during road closure times we suggest seeking alternative parking.

Emergency services will be given access through the road closures when safe to do so. Pedestrian access along the length of the works will be maintained throughout.

Unfortunately, with any major highway works, some disturbance is unavoidable and there may be short delays even on the approaches to the closure points. We must ask that you drive carefully and slowly through any sections of live roadworks for both the workforces and your own safety.

Please note that all dates are subject to change due to operational requirements and weather conditions. Weekend working may be used where necessary.

The works may at times be noisy, and we apologise in advance for any inconvenience or disturbance caused. We will do our best to complete the work as quickly and safely as possible. We like to thank you for your patience during this works.

Please visit our webpage for more information:
