

Worthington Way
Burton-Upon-Trent
Staffordshire

**Ref: CX059– U4001 Worthington Way and Station Road scheme,
Burton-Upon-Trent**

16 April 2026

Dear Resident,

**CX059 - Notification of overnight carriageway reconstruction works on
Worthington Way and Station Road, Burton Upon Trent**

As part of the Council's ongoing investment into its roads in Staffordshire, Amey Services Ltd working with Staffordshire County Council, will shortly begin carrying out works on the U4001 Worthington Way and Station Road scheme. Works will take place from the Burton Place car park entrance on Worthington Way to The Dial on Station Road. Works will include the removal of the existing carriageway surface and replacing it with a new surface, along with the replacement of new road markings and traffic loops (and associated preparatory works known as 'civil works'). This will include the replacement and adjustments of kerbs, paving slabs and blocks where necessary and tactile crossing replacements.

From **Monday 11 May 2026 at 7pm**, we'll begin the **overnight** scheme of works, where we'll start the civil works. Following on from the civils works, we'll begin removing the existing carriageway surface and replacing and re-setting the carriageway ironworks. The new carriageway surface will then be laid, ahead of emptying the highway gullies and finally replacing the new road markings and traffic loops. All works are due to be completed by **Friday 29 May 2026**.

Due to the size and scale of construction machines being used and to ensure the safety of the general public and workforce, the scheme of works will be carried out under **overnight full road closures** between the hours of **7pm to 6am (Monday to Thursday, inclusive of Friday morning)**. **Outside of these times, the road will remain open.**

No overnight works will take place on Bank holiday Monday – Monday 25 May 2026.

To allow the carriageway reconstruction works to be carried out safely, and to minimise disruption to businesses and the bus services, we'll be working overnight when traffic volumes are lower.

Businesses along the areas of work will be open as usual.

A signed diversion route will be in place during the closures; along with designated personnel at either end of the closure points to offer assistance with residential properties and business access. Please plan ahead and allow extra time for your journeys.

Emergency services will be given access through the road closures when safe to do so.

Pedestrian access along the length of the works will be maintained throughout.

Regrettably, bus stops along the scheme of works will be suspended during the overnight road closures. If you require any further information about this service, please speak to your bus operator.

Unfortunately, with any major highway works, some disturbance is unavoidable, and there may be short delays even on the approaches to the closure points. We must ask that you drive carefully and slowly through any sections of live roadworks for both the workforces and your own safety.

Please note that all dates are subject to change due to operational requirements and weather conditions.

The works may at times be noisy, and we apologise in advance for any inconvenience or disturbance caused. We'll do our best to complete the work as quickly and safely as possible. We like to thank you for your patience during this works.

This information can be made available in a range of formats and languages, including Braille and large print.
