# LINK-UP WITH OTHER CARE-EXPERIENCED YOUNG PEOPLE

Aged 18 - 27? Link-Up is a great chance to meet other care-experienced young people, have a chat, a laugh, and learn something new.

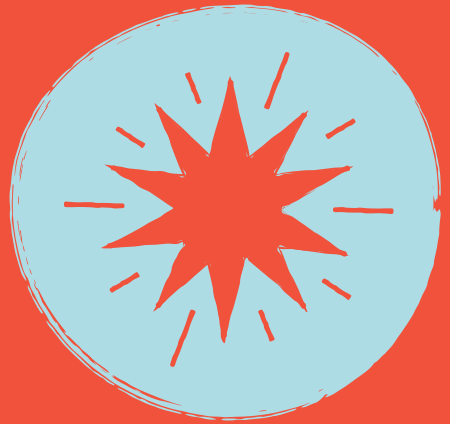

Online and in-person sessions throughout the year. We'd love to see you there.

# CHANGE THE SYSTEM WITH US

You know it. We know it. The care system's broken, and it needs to change.

Together, we'll show the people in power the real problems. And show them what the system should look like.
